WHAT

Artscape 2011 is a five-day arts camp operated by the Allied Arts Council on the campus of Missouri Western State University with the support of MWSU's Center for Community Arts. It offers children the opportunity to express their creativity in the areas of visual arts, theatre, dance and music.

WHY

Artscape is a hands-on experience under the instruction of professional artists and teachers in 12 disciplines. Students who participate in the arts often find that they can apply those experiences to other subjects in school. Studies have shown that students who participate in a broad range of arts experiences tend to have better test scores and grades.
